A STORY OF ADVENTURE

Wechsel – since 1995 a byword for tents of outstanding quality. We design and develop exceptionally well made tents that are not just perfectly structured and quick and easy to erect, but also offer you well thought-out details and maximum safety reserves.

Our range of tents is available in three different types of material, providing you with the right tent for the right adventure.

The tents of the **Travel Line** satisfy all the needs of the weekend camper and the ambitious trekker alike. They all have handy entrances, generous sleeping lengths and plenty of storage space. The **Zero-G Line** is perfectly suited to performing well under extreme weather conditions and high winds. All the fabrics are very durable and tear resistant. The tents of the **Unlimited Line** are made of exceptionally hard-wearing fabric with ultra stable aluminium poles. They are extremely tear resistant and durable.

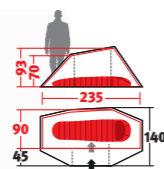

In recent years our tents have played starring roles in many adventures, both big and small. So, wherever your journey takes you we would be happy to be part of your story, too.
